

Moving Mini Wash is a high-efficiency, Equipped with a 120W quad-COB light source, it delivers high-brightness, uniform illumination while maintaining low power consumption of 180W. Featuring 23 controllable channels, it supports three control modes: sound activation, auto mode, and DMX512. Adjustable strobe effects range from 1-25 flashes per second or random patterns. The Pan offers 540° rotation, while the Tilt provides 270° tilt, enabling dynamic and flexible lighting projections for stages, events, and creative applications.

Key features:

- 120W 4-in-1 COB lamp beads
- High colour rendering uniformity, delicate colour transition, suitable for dyeing, pattern, wall-washing and other lighting modes.
- Compact and lightweight body, easy to install, easy to cope with mobile performances.
- Strobe speed 1-25 times / sec adjustable or random mode
- Support voice-activated, self-propelled and DMX modes.
- Pan 540°, Tilt 270°

Application:

- Stage Performances
- Bars & KTV
- Wedding Ceremonies
- Parties & Events
