

Mini Glow Wash, a battery light, supports 6 hours fast charging and can run at full power for up to 4.5 hours under full charge, meeting the needs of all-weather performances and getting rid of the power constraints. It supports gradient, strobe and jump effects, and is compact and lightweight, making it an ideal lighting choice for stages, parties and events.

Key features:

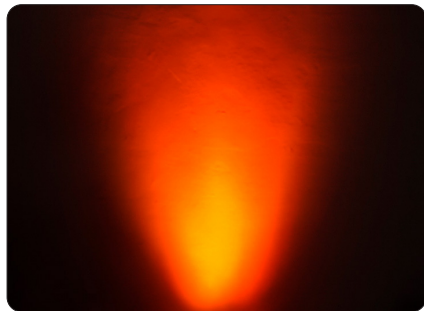

- 108W six-in-one light beads, 6*18W RGBWYU
- Integrate five control modes: auto, master/slave synchronisation, wireless DMX, DMX512 and sound activation.
- Support gradient, strobe, jump effect, etc., providing rich possibilities for creative design.
- 6 hours fast charging, full power operation up to 4.5 hours at full charge
- Compact and lightweight, easy to move and disassemble

Application:

- Stage Performances
- Bars & KTV
- Wedding Ceremonies
- Parties & Events

Mini Glow Wash

RGBWYU Battery Light

Technical Data

Power supply:	AC100-240V, 50/60Hz
Light source:	6*18W
power:	108W
Battery life:	4.5 hours at full power
colour:	RGBWYU
Power connection:	Power in & out

Signal connection:	3-pin XLR in & out
Control channels:	6/10
Control mode:	Voice-activated, master-slave, self-propelled, DMX512, wireless DMX
Housing:	black
N.W.:	2.7kg
Environment:	IP20
