

Look-Fan DMX

DMX-controllable axial blower

lead time to maximum speed:
2.5 seconds

controllable via DMX

supplied with hanging yoke

made in Germany

The **Look-Fan DMX** is a powerful fan with 850 Watt. It can be used where fog needs to be distributed quickly and constant or where a strong wind effect is needed.

The supplied hanging yoke guarantees a flexible use and can be adjusted in every needed angle.

The **Look-Fan DMX** can also be build onto a stand.

The fan is controllable via DMX and can be adjusted from 0 to 99%. The lead time up to maximum speed is only 2.5 seconds.

The DMX start-address can be adjusted and saved in the internal display.

The output power can also be adjusted at the display, along with start or stop functions.

Technical Data

Procedure	Axial blower
Power consumption max.	850 Watt
Voltage	230 V / 50 Hz
Speed	max. 1250 rpm
Volume flow	approx. 9000 m ³ /hrs.
Adjustments	0 - 99%
Weight	29.5 kg
