

SKY EYE is a high-performance wash light with a total power of 200W, delivering ultra-bright output and wide-area coverage. Through precision optical design, it achieves uniform and smooth color blending, effortlessly illuminating large-scale scenes to create an immersive color ambiance. Ideal for high-demand scenarios such as stage performances, architectural projection, and film production, its exceptional performance and reliable quality unlock limitless possibilities for creative lighting.

Key features:

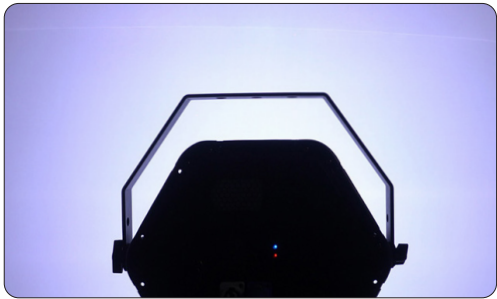

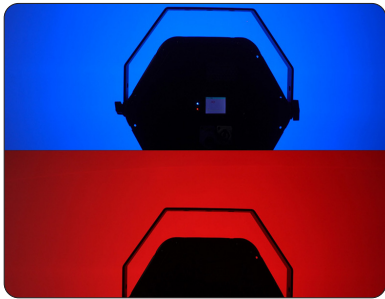

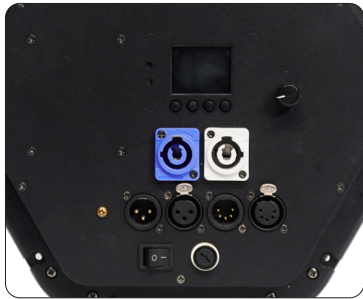

- 60W R + 60W G + 60W B + 65W CW
- Total power 200W
- Super bright, wide range, even colour mixing
- Optional dimming curves
- High frequency flicker-free
- LCD liquid crystal display
- PWM 1.2 - 24 KHz selectable
- Knob Dimmable

Application:

- Broadcast
- TV studio
- Photography
- Stage

SKY EYE
200W Color Wash Light

Technical Data

Power supply:	AC100 - 240V, 50/60Hz
Power consumption:	200W
Light source:	60W R + 60W G + 60W B + 65W CW
Colore:	RGB + CW
Power connection:	PowerCON in & out
Signal connection::	3+5 pin XLR in & out
Control channels:	2/7/11
Control mode:	Knob, DMX, RDM

Dimmer curves:	Standard / Stage / TV / Archi / Theatre
Frequency:	1.2 KHz - 24 KHz
Housing:	Colour black
Size:	360 x 103.7 x 329.3 mm
N.W.:	3.5 kg
Accessories(incl.):	Power cable, Safety cable
Environment:	IP20
