

HERO 200 BEAM is a 200W LED beam moving head light. It has a small and compact size with high light efficiency, and adopts a unique optical design, which makes its beam in the air sharp, thick, full, and has strong penetration. Independent atomization effect, equipped with 14 fixed patterns and 12 color chips, and 1 6-color disc. Very suitable for renting, weddings, dance halls, bars KTV、Nightclubs and other application venues.

Key features

- 200W ultra bright white LED
- Small and compact in size
- 2 ° light emission angle
- Light output aperture 155mm
- Color rendering index CRI 70
- 1 color palette with 12 color chips+white light
- 1 pattern plate has 14 fixed patterns+white light
- 1 16 prism with high-speed rotation function
- A 6-color disc can achieve a 7-color effect
- DMX512, Master slave or self-propelled mode control
- LCD display screen, the display screen can be flipped 180 degrees, and the display screen has an automatic turn off function
- 0-100% linear dimming
- Linear electronic focusing, ultra smooth adjustment of focal length
- 0% -100% linear atomization, 1 independent atomization effect
- Choose the strobe speed from slow to fast at will
- Color Macro Function and Color Gradient Effect
- Automatic error correction reset function

Application:

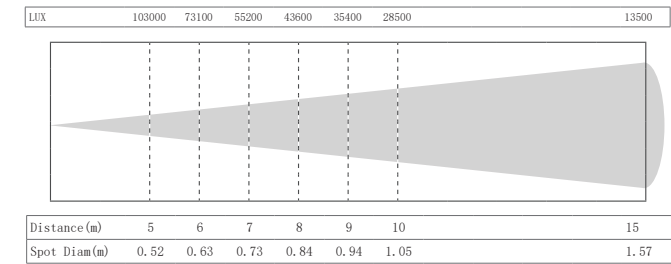

- Concerts
- Night clubs
- Venues
- Stages and events

Technical Data

Power supply:	AC100-240V, 50/60Hz
Light source:	200W LED
Pan:	540°
Tilt:	270°
Focus:	Motorized
Beam angle:	2°
Atomization:	0% -100% linear atomization
Color palette:	12 colors+white light
Pattern plate:	14 fixed patterns+white light
Prism:	1 16 prism with high-speed rotation function (customizable prism effect)
Effect disk:	A 6-color disc can achieve a 7-color effect
Power connection:	PowerCON in
Signal connection:	3-pin XLR in&out(5-pin optional)
DMX channels:	16
Control mode:	DMX512, Auto, Master slave
Housing:	Colour black, ABS+PC
Size:	270 x 220 x 560MM
N.W.:	12.35kg
Accessories(included):	Power cable, safety rope
Environment:	IP20
