RoHS Declaration

United Silicon Carbide Inc. is committed to responsible product development where the environment, employee safety and customers are in focus. All qualified products comply with relevant regulations including Restriction of the use of certain Hazardous Substances (RoHS).

United Silicon Carbide Inc. certifies that each product platform is tested and complies with the European Union Directive on the RoHS, 2011/65/EU dated 8 JUNE 2011, and amended on March 31, 2015 by EU Directive 2015/863/EU according to the below requirements.

Restricted Substance	RoHS Maximum Concentration Value
Lead (Pb) ¹	0.1% (1000ppm)
Mercury (Hg)	0.1% (1000ppm)
Cadmium (Cd)	0.01% (100ppm)
Hexavalent Chromium (Cr+6)	0.1% (1000ppm)
Polybrominated Biphenyls (PBBs)	0.1% (1000ppm)
Polybrominated Diphenyl Ethers (PBDEs)	0.1% (1000ppm)
Bis(2-ethylhexyl) phthalate (DEHP)	0.1% (1000ppm)
Butyl benzyl phthalate (BBP)	0.1% (1000ppm)
Dibutyl phthalate (DBP)	0.1% (1000ppm)
Diisobutyl phthalate (DIBP)	0.1% (1000ppm)

Note 1: Some products contain Lead (Pb) in high temperature die attach solder which is exempt under the current RoHS directive.

United Silicon Carbide Inc. trusts that this declaration satisfies any concerns regarding product compliance to RoHS regulations. If not, please contact us at INFO@UNITEDSIC.COM for additional information.
